

2021/22 Student Aid Fund – Closing early

Given the increased (and early) interest in our work-based experiential education [programs](#) this year, our in-house student aid scheme will also be depleted much earlier than usual.

Our Student Aid fund, which is part-funded by host [employers](#) who convert their CI interns to new graduate hires, provides considerable financial assistance (of approx. \$1-3k) to **all** students wishing to join a CI program.

Accordingly, students interested in joining a CI program this year are encouraged to calculate their personalized CI student aid award via the link below before **Fri 1st April 2022**.
