

Analyst (Internship) – targeting current sophomores & juniors

[Blueprint Equity](#) San Diego, CA Hybrid 2 days ago 56 applicants

About the job

The Blueprint analyst program is for highly motivated students seeking hands-on experience to launch their career in growth equity. During the fellowship, you will be paired with an Associate or Vice President on our team who will serve as your mentor for the duration of the program. Participants will be paid a stipend and may choose to work in our beautiful office in Solana Beach, CA during the summer months to maximize their experience.

During the program, you will participate in the following areas:

- Sourcing investments: Develop thematic strategies and learn how to uncover new investment opportunities using various research methods
- Due diligence: Support the investment team through live due diligence processes; construct your own financial models to drive key insights
- Network building: Participate in meetings with founders and build relationships with startups around the country
- Portfolio company support: Engage with current portfolio companies and assist in various projects
- Career development: Participate in career-building workshops to jumpstart your career in growth equity

Who we're looking for:

- Strong interest in B2B/enterprise technology, startups, and investing
- Eagerness and willingness to learn
- Excellent written and verbal communication skills
- Ability to understand complex concepts and learn new technical skills
- Prior internship experience in technology or finance a plus
- Proficiency in Excel a plus

Requirements:

- Must be a current sophomore or junior
- Ability to work full-time during the summer months and part time during the academic year
- Strong interest in growth equity and desire to grow your career in investing
